Overview

Thank you for your interest in my work!

My portraits are approximately lifesize, which finish between 18" x 24" to 22" x 28," but that is flexible. Please see examples of the following on the next few pages, and **even more at CarolPeebles.com**:

- Headshot Drawings, Monochromatic Pastel or Charcoal
- Headshot Pastel Paintings, Full Color
- Head, Torso & Hands Pastel Paintings, Full Color
- Head, Torso & Hands or Full Figure Oil Paintings on Canvas, Full Color
- Official, Lifesize (approximately 30" X 40" or negotiable size) Oil Paintings on Canvas of Judges, Mayors & Executives
- Small Pastel Newborn & Infant Drawings
- Small Pastel Pet Drawings

The commission **prices are per person** whether the subjects are drawn together on one paper/canvas or separate papers/canvases.

I recommend that portraits are done separately because traditionally they are passed down from generation to generation. I could do two people together, but not more in one commission. **I do not do large family portraits.**

I am open to discussing your ideas: for example, a classical nude of you as a way to celebrate yourself or to give to a spouse/partner for an anniversary. Though I usually prefer simple, classical backgrounds, additional props or other ideas are often considered.

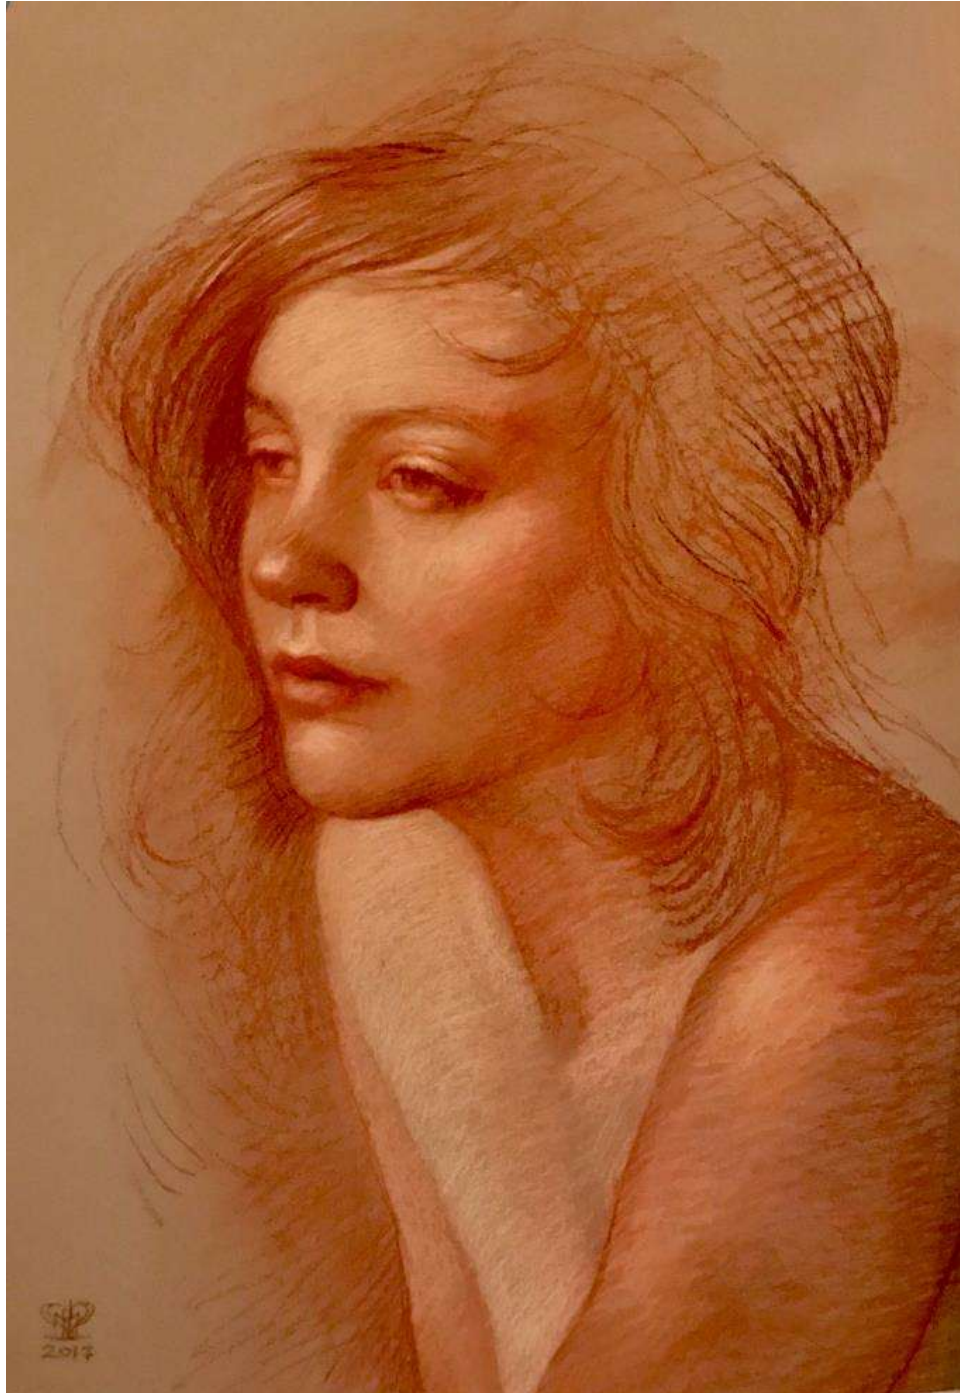

You are welcome to make a studio appointment to see my original work, discuss color, paper, and size. The next step would be a photo shoot at my studio with the subject. If you wanted me to use a photo you provide, I would have to check it for lighting and expression to see if I could work from it.

More Portrait Ideas

Family Portraits can be created individually and hung together as a great anniversary gift.

Or you might prefer a portrait of yourself or a loved one in costume.

Pet portraits may be commissioned with their person or without.

You may also consider less traditional approaches, like these father and son doctors working together, a cameo/locket-style profile, or a classical nude figure study of you or your partner or both!
